

FULL SCALE SOLUTIONS

The image shows a large, open-plan interior space. The ceiling is a prominent feature, composed of numerous horizontal wood slats that create a textured, rhythmic pattern. The floor is a smooth, light-colored concrete. On the left, a wall is clad in large, vertical wood panels. A large window on the right side of the room offers a view of a body of water and a distant shoreline. The lighting is a mix of recessed ceiling lights and pendant lights hanging from the ceiling.

CONSISTENT VENEER MATCHING

700_{plus}

A color palette as vast as the world's forests. We offer 700 combinations of wood species, slices and grains as well as paint and stain options. Our proprietary TruGrade veneer grading standard far exceeds the industry expectations for color level match and grain characteristic. Now you can have consistent veneer throughout the space.

“ THE ACOUSTIC SPECIFICATIONS,
VENEER MATCHING REQUIREMENTS,
AND TECHNICAL DETAILS OF THIS PROJECT
PRESENTED A LOT OF MOVING TARGETS.
NAVY ISLAND NAILED IT.

FUNCTIONS

LIGHTWEIGHT, ACOUSTIC CONTROL & LIGHTING

Specifications have never been simpler with Navy Island as your source for doors, lightweight wall and ceiling products, acoustic control and integrated lighting.

TRUGRADE® STANDARD
Our award-winning TruGrade is the most comprehensive veneer grading standard within the industry.

SP CORE TECHNOLOGY™
Our patented technology ensures all Soundply, Aerply and Rensa products won't shrink or swell with seasonal environmental changes or high humidity locations. Choose between our RF and LR cores.

MICOPERFECTION®
Precision engineered micro-perforations are tuned to achieve the broadest range of sound absorption across the most sensitive speech frequencies, improving acoustic clarity.

DYNAMIC SOUND CONTROL™
The clever use of two distinct acoustic technologies ensures consistent, highly effective sound absorption at low, medium, and high sound pressure levels.

SOUNDPLY FREESTILE

A SIMPLE SYSTEM OF READY-MADE
PANELS, STILES, AND TRIM

- ☐ ADDS QUIET TO YOUR SPACE
- ☐ WON'T SHRINK, SWELL, OR WARP
- ☐ FAST TURN-AROUND & EASY INSTALL
- ☐ FINISHES FROM LIGHT TO DARK
- ☐ ENABLES DESIGN VERSATILITY

A QUICK RECAP

FULL SERVICE STARTS HERE

WE ARE HERE FOR YOU

From idea to install, working with Navy Island means having a single point of contact with you every step of the way, coordinating to ensure materials are on time, on grade, and as expected.

You have direct access to the manufacturer and therefore knowledge of the potential options and limits of any product installation. This lends to efficiency and the ability to customize and/or choose from ready options.

We also handle the details. From specs, schedules, and deliveries to sound ratings and LEED credits, our expert staff simplify the process so you can focus on the results.
